Section 2 Composition/information on ingredients

Material	CAS number	Level	Hazards (see section 16)
See section 16			

Section 3 Hazards identification (Undiluted product)

CHIP classification: This product is not subject to CHIP regulations

Eye hazard: Will cause irritation.

Skin hazard: Designed for skin contact. No skin hazard in normal use. Very prolonged contact with undiluted pr

Respiratory hazard: Not a hazard in normal use.

Flammability hazard: Not combustible.

Other hazards:

Section 4 First aid measures

Eye contact: Immediately flush eyes with water, holding eyelids apart, for at least 10 minutes. Seek medical assistance immediately.

Skin contact: Remove contaminated clothing, wash skin with water.

Inhalation: Not applicable.

Ingestion: Do not induce vomiting. If conscious, give water to drink. Seek medical assistance immediately.

Section 5 Fire fighting measures

Not applicable.

Section 6 Accidental release measures

Absorb using sand or other inert material and transfer to suitable containers for disposal.

Spillage will make floors slippery.

Section 7 Handling and storage

Store in a cool, dry place protected from frost and away from acids and strong oxidising agents. Store upright in original containers.

Directions For use on clean hands. Apply a small amount to the hands and rub in until dispersed, ensuring for use: complete coverage. Do not use on broken or irritated skin. Please refer to product safety data sheet before use. Use only as directed.

INGREDIENTS: Aqua, isopropyl alcohol, glycerine, laureth-7, triethanolamine, stabiliser, triclosan, conditioner.

Shelf life: 12 months in good conditions

Section 8 Exposure controls/personal protection

These measures are suggested on the basis of general use methods and may not be appropriate to all potential uses of the product. The user is responsible for carrying out a full risk assessment of their specific processes and systems of work.

Eye protection: Wear eye protection to BS EN 166 1F if splashing is likely.

Hand protection: This product is designed for hand contact. Very prolonged contact should be avoided.

Body protection: As necessary to prevent contact.

Respiratory protection: Not applicable.

Other protection:

Personal protective equipment:

Exact PPE requirements should be determined from a specific risk assessment of the processes being carried out.

Occupational exposure limit

Section 9 Physical and chemical properties

Appearance Colourless liquid.

Odour: Characteristic, alcohol.

pH: 7.2 as supplied (typical).

Boiling point: 80°C.

Melting point: Not applicable.

Flash point: 27°C. Does not support combustion.

Auto-ignition temperature: >200°C.

Explosive properties: Not applicable.

Oxidising properties: Not applicable.

Vapour pressure 17.5mm Hg at 20°C.

Relative density at 20 C: 0.97

Solubility: Dispersable in water.

Viscosity: Viscous liquid.

Section 10 Stability and reactivity

Conditions to avoid: Extremes of temperature.

Materials to avoid: Incompatible with strong oxidising agents and acids.

Hazardous decomposition products None known.

Section 11 Toxicological information

Eye contact: Will cause irritation.

Skin contact: Not a hazard in normal use. Very prolonged contact may cause irritation and dryness.

Inhalation: Not a hazard in normal use.

Ingestion: low toxicity, may cause irritation to gastro-intestinal tract.

Long term: Based on current knowledge, no long term effects are anticipated if used correctly.

Section 12 Ecological information

All organic ingredients are biodegradable when well diluted.

This product has microbiocidal properties. Large quantities may affect biological treatment plants.

Volatile organic content: 19.8 % w/w 192.06 g/l

Section 13 Disposal considerations

Dispose of surplus product and packaging via a licenced chemical waste contractor.

Empty cleaned containers can be recycled where facilities exist or sent for landfill or incineration where permitted.

Section 14 Transport information

Transport Classification: Not classified

UN number not classified Transport class Packing group:

Section 15 Regulatory information

CHIP Classification This product is not subject to CHIP regulations

Product risk and safety phrases

S25 Avoid contact with eyes.

S2 Keep out of reach of children.

Relevant UK law: Chemicals (hazard information and packaging) Regulations (CHIP). Control of substances hazardous to health regulations (COSHH, COSHH essentials). For guidance see www.hse.gov.uk, www.dti.gov.uk/chemicals.

Section 16 Other information

R phrases relating to ingredients (see section 2)

INGREDIENTS: Aqua, isopropyl alcohol, glycerine, laureth-7, triethanolamine, stabiliser, triclosan, conditioner.

This product should be stored, handled and used in accordance with good industrial practice and in conformity with legal regulations. The information in this data sheet is based on the present state of our knowledge and is intended to describe products from the point of view of safety requirements and thus should not be construed as guaranteeing specific properties. It is for users to satisfy themselves of the suitability of this product for their own applications.
